CANDY—SWEET AND DANDY ***

Homemade Candy—Sweet and Dandy

Whether you take candymaking seriously or like to make it only for special occasions, you will find the recipes for the most popular homemade candy in this folder. They were developed in the Best Foods Karo Kitchens, where candymaking is taken seriously. Karo syrup in the candy mixture helps to give a smooth, creamy texture as in fudge, a soft chewy texture as in taffy or a crisp non-sticky texture as in peanut brittle or candy apples.

Crazy Crunch

- 1½ cups sugar
- 1 cup Nucoa or Mazola margarine
- ½ cup Karo light or dark corn syrup
- 1 teaspoon vanilla
- 8 cups popped corn
- ⅔ cup toasted pecans
- 1½ cups toasted almonds

Combine sugar, margarine and corn syrup in 2 quart saucepan. Bring to boil over medium heat, stirring constantly. Continue boiling, stirring occasionally, 10 to 15 minutes or until mixture turns a light caramel color (290°F.). Remove from heat; stir in vanilla. Pour syrup over popped corn and nuts on baking sheet. Toss with two large spoons until popped corn and nuts are coated. Spread out to dry. Break into pieces and store in tightly covered container or plastic bag. Makes about 1¾ pounds.

Candied Walnuts

- 1 cup sugar
- ¼ cup Karo light corn syrup
- ⅓ cup water
- 1 teaspoon rum extract
- ¼ teaspoon salt
- 2 cups walnut pieces

Combine sugar, light corn syrup and water in a 2-quart saucepan. Stirring constantly, cook over medium heat until sugar is dissolved and mixture comes to a boil. Continue cooking, stirring occasionally, until temperature reaches 235°F. or until a small amount of mixture dropped into very cold water forms a soft ball. Remove from heat. Add rum extract, salt and walnuts. Stir until mixture begins to thicken and turn white. Pour onto well greased baking sheet. Using 2 forks separate into clusters. Cool and store in an airtight container. Makes 1 pound.

Pralines

- 1 pound light brown sugar
- 1 (5½-ounce) can evaporated milk
- 2 tablespoons Karo light corn syrup
- ¼ cup Mazola or Nucoa margarine
- 1 teaspoon vanilla
- 1½ cups pecan halves

Combine sugar, evaporated milk and corn syrup in 2-quart saucepan. Stirring constantly, cook over medium heat until mixture comes to a boil. Continue cooking, stirring occasionally, until temperature reaches 238°F. or until a small amount of mixture dropped into very cold water forms a soft ball. Remove from heat. Add margarine; do not stir. Cool to lukewarm (110°F.). Add vanilla and beat until creamy. Stir in pecans. Drop by teaspoonfuls onto waxed paper. Shape with a spoon into a 2½-inch circle, spreading pecans. Allow to remain undisturbed until the pralines are firm and sugared. Makes 1½ pounds.

Old Fashioned Popcorn Balls

- 1 cup Karo light or dark corn syrup
- 1 cup firmly packed brown sugar
- ¼ cup water
- 1 teaspoon vinegar
- 2 tablespoons Mazola or Nucoa margarine
- 2 quarts unsalted popped corn

Combine corn syrup, brown sugar, water and vinegar in saucepan. Stirring constantly, cook over medium heat until mixture comes to a boil. Continue cooking, stirring occasionally, until temperature reaches 260°F., or until small amount of mixture dropped into very cold water forms a ball which is hard enough to hold its shape, yet plastic. Remove from heat. Quickly add margarine; blend. Slowly pour over popped corn in large bowl, mixing well. Shape into balls, using as little pressure as possible. (Grease hands, if desired.) Makes 15 (2½-inch) balls.

Pink Cinnamon Popcorn Balls: Follow recipe for Old Fashioned Popcorn Balls, using light corn syrup and substituting granulated sugar for brown sugar. Add ¼ cup red cinnamon candies to syrup when mixture boils.

Pastel Popcorn Balls: Follow recipe for Pink Cinnamon Popcorn Balls, omitting red cinnamon candies. When adding margarine, add 2 teaspoons vanilla and enough food coloring for desired shade.

Fondant

- 1/3 cup Nucoa or Mazola margarine
- 1/2 cup Karo light corn syrup
- 1 pound confectioners sugar, sifted
- 1 teaspoon vanilla

Mix together margarine, corn syrup and 2 cups sugar in 3-quart saucepan. Cook over low heat, stirring constantly, until mixture comes to full boil. Stir in remaining sugar and vanilla. Remove from heat; stir until mixture holds shape. Pour into greased baking pan. Cool just enough to handle. Knead with lightly greased hands until smooth. (If candy hardens too much before kneading, work with spoon, then knead.) Knead in any desired flavoring and coloring. Shape into small patties, balls or use as filling for nuts, dates or apricots. Makes about 1 1/3 pounds.

Divinity

- 2½ cups sugar
- ½ cup Karo light corn syrup
- ½ cup water
- ¼ teaspoon salt
- 2 egg whites
- 1 teaspoon vanilla
- 1 cup coarsely chopped walnuts or pecans (optional)

Mix together sugar, corn syrup, water and salt in 2-quart saucepan. Cook over medium heat, stirring constantly, until mixture comes to boil. Reduce heat; cook without stirring until temperature reaches 248°F., or until a small amount of mixture dropped into very cold water forms a firm ball which does not flatten on removal from water. Just before temperature reaches 248°F., beat egg whites in large bowl until stiff but not dry. Beating constantly, on high speed of electric mixer, slowly pour about ½ the hot syrup over egg whites. Then cook remaining syrup to 272°F., or until a small amount separates into threads which are hard but not brittle when dropped into very cold water. Beating constantly, pour hot syrup over first mixture about 1 tablespoon at a time, beating well after each addition. Continue beating until mixture begins to lose its gloss and a small amount of mixture holds soft peak when dropped from spoon. (If mixture becomes too stiff for mixer, beat with wooden spoon.) Mix in vanilla and nuts. Drop by teaspoonfuls onto waxed paper. Makes 1¼ pounds or 48 pieces.

Candy Apples

- 8 medium red apples
- 8 flat wooden skewers or spoons
- 2 cups sugar
- 1 cup Karo light corn syrup
- ½ cup water
- ¼ cup (1¾-ounce bottle) red cinnamon candies
- 10 drops red food coloring (optional)

Wash and dry apples; remove stems and insert skewers into stem ends. Combine sugar, light corn syrup and water in heavy 2-quart saucepan. Stirring constantly, cook over medium heat until mixture boils and sugar is dissolved. Then cook, without stirring, until temperature reaches 250°F. or until small amount of syrup dropped into very cold water forms a ball which is hard enough to hold its shape, yet plastic. Add cinnamon candies and continue cooking to 285°F. or until small amount of syrup dropped into very cold water separates into threads which are hard, but not brittle. Remove from heat. Stir in red food coloring, if desired. Hold each apple by its skewer and quickly twirl in syrup, tilting pan to cover apple with syrup. Remove apple from syrup; allow excess to drip off, then twirl to spread syrup smoothly over apple. Place on lightly greased baking sheet to cool. Store in cool place. Makes 8 candy apples.

Chewy Bars

- ¾ cup Mazola or Nucoa margarine
- ½ cup granulated sugar
- ½ cup firmly packed brown sugar
- ½ cup Karo dark corn syrup
- 1 tablespoon vanilla
- 4 cups quick oats
- 1 (6-ounce) package semi-sweet chocolate chips

Pat dough into bottom of prepared pan, moistening hands to prevent sticking. Bake in 350°F. (moderate) oven 20 to 25 minutes. Cool slightly. Melt chocolate chips and peanut butter over boiling water, stirring constantly. Spread over baked layer. Chill to set chocolate. Cut into bars. Makes about 6 dozen (3 × ½-inch) bars.

10-Minute Fudge

Stir corn syrup, water and vanilla into chocolate margarine mixture. Stir in sifted sugar and dry milk in two additions. Continue stirring until mixture is well blended and smooth. Remove from heat; stir in nuts. Turn into prepared pan. Cool. Cut into squares. Makes 1¾ pounds.

Cool to lukewarm (110°F.). Beat until fudge begins to thicken and loses its gloss. Fold in nuts. Quickly pour into prepared pan. For best results do not spread fudge or scrape out of pan. Remove from heat. Stir in vanilla. Pour into prepared pan. Let stand until cool enough to handle. Pull with fingers until it has satin-like finish and light color. Pull into long strips, $\frac{1}{2}$ inch wide. Cut 1-inch pieces with scissors. Wrap in waxed paper. Makes about 1 pound.

Section 2. Information about the Mission of Project Gutenberg

Project Gutenberg is synonymous with the free distribution of electronic works in formats readable by the widest variety of computers including obsolete, old, middle-aged and new computers. It exists because of the

efforts of hundreds of volunteers and donations from people in all walks of life.

Volunteers and financial support to provide volunteers with the assistance they need are critical to reaching Project Gutenberg's goals and ensuring that the Project Gutenberg collection will remain freely available for generations to come. In 2001, the Project Gutenberg Literary Archive Foundation was created to provide a secure and permanent future for Project Gutenberg and future generations. To learn more about the Project Gutenberg Literary Archive Foundation and how your efforts and donations can help, see Sections 3 and 4 and the Foundation information page at www.gutenberg.org.

Section 3. Information about the Project Gutenberg Literary Archive Foundation

The Project Gutenberg Literary Archive Foundation is a non-profit 501(c)(3) educational corporation organized under the laws of the state of Mississippi and granted tax exempt status by the Internal Revenue Service. The Foundation's EIN or federal tax identification number is 64-6221541. Contributions to the Project Gutenberg Literary Archive Foundation are tax deductible to the full extent permitted by U.S. federal laws and your state's laws.

The Foundation's business office is located at 41 Watchung Plaza #516, Montclair NJ 07042, USA, +1 (862) 621-9288. Email contact links and up to date contact information can be found at the Foundation's website and official page at www.gutenberg.org/contact

Section 4. Information about Donations to the Project Gutenberg Literary Archive Foundation

Project Gutenberg™ depends upon and cannot survive without widespread public support and donations to carry out its mission of increasing the number of public domain and licensed works that can be freely distributed in machine-readable form accessible by the widest array of equipment

including outdated equipment. Many small donations (\$1 to \$5,000) are particularly important to maintaining tax exempt status with the IRS.

The Foundation is committed to complying with the laws regulating charities and charitable donations in all 50 states of the United States. Compliance requirements are not uniform and it takes a considerable effort, much paperwork and many fees to meet and keep up with these requirements. We do not solicit donations in locations where we have not received written confirmation of compliance. To SEND DONATIONS or determine the status of compliance for any particular state visit www.gutenberg.org/donate.

While we cannot and do not solicit contributions from states where we have not met the solicitation requirements, we know of no prohibition against accepting unsolicited donations from donors in such states who approach us with offers to donate.

International donations are gratefully accepted, but we cannot make any statements concerning tax treatment of donations received from outside the United States. U.S. laws alone swamp our small staff.

Please check the Project Gutenberg web pages for current donation methods and addresses. Donations are accepted in a number of other ways including checks, online payments and credit card donations. To donate, please visit: www.gutenberg.org/donate.

Section 5. General Information About Project Gutenberg electronic works

Professor Michael S. Hart was the originator of the Project Gutenberg concept of a library of electronic works that could be freely shared with anyone. For forty years, he produced and distributed Project Gutenberg eBooks with only a loose network of volunteer support.

Project Gutenberg eBooks are often created from several printed editions, all of which are confirmed as not protected by copyright in the U.S. unless a

copyright notice is included. Thus, we do not necessarily keep eBooks in compliance with any particular paper edition.

Most people start at our website which has the main PG search facility:
www.gutenberg.org.

This website includes information about Project Gutenberg, including how to make donations to the Project Gutenberg Literary Archive Foundation, how to help produce our new eBooks, and how to subscribe to our email newsletter to hear about new eBooks.
